

Now For **All Teams** E-Learning with Masterplan

Regardless of time, place OR workspace – Masterplan lets all your employees complete mandatory and product training, complete their onboarding, and enhance their soft skills.

MANDATORY TRAINING

PRODUCT TRAINING

ONBOARDING

SOFT SKILLS

Company E-learning can be more motivating, more easy, and digital: for all employees

CINEMA QUALITY

E-Learning content of the highest quality.
Short, memorable learning bites
with cinema feeling.

IT SECURITY

Information management
is certified accordingly with
ISO/IEC 27001 and TISAX.

INTEGRATIONS

Make use of the content you have by
connecting Masterplan to other popular
solutions e.g. via SCORM.

GAMIFICATION

Create game-based incentives, motivate
in the long term: Gamified video courses keep
your employees active.

Why Masterplan Is **The Best Choice For Your Teams**

New technologies and constantly changing competition force employees to constantly make progress. With Masterplan, your teams can now easily keep up with the latest developments, even without a company email address.

● MANDATORY TRAINING

Whether data protection, occupational safety or compliance:
Less work and more learning success with our drag-n-drop
toolbox for mandatory online training.

● ONBOARDING

Digital onboarding provides all new employees with important
information about the company, their new work area
and internal processes.

● PRODUCT TRAINING

Digitized internal product training can be quickly created
and assigned to the corresponding teams in self-built
learning paths.

● SOFT SKILLS

Improved skills in communication and collaborating in teams:
More than 150 interactive video courses on soft skills help
your teams to work more successfully.
